Connecting Health and Māori Concepts of Environment

"...it was so moving and inspirational to be, see and hear other Māori, they have much to share and they bring their own expertise with them..."

“...making a difference in people's lives, it's what we all aspire to and our speakers today are all on that waka too so it kinda backs it all up aye...”

"...This type of learning is more inclusive and it's kinda what we do on a daily basis in our mahi, this is like how I want things to be at every hui I go to..."

“...I loved all the workshops I attended, even the ones I didn't know I was going too..lol...”
