

PERSONAL INFORMATION WE COLLECT

We are committed to protecting your privacy. We only collect personal information that you voluntarily give to us. When you sign up to receive our free eUpdates, register for an Activity and Nutrition Aotearoa (ANA) event or purchase something from our website, we collect information you give us such as your name and contact details.

WHAT WE DO WITH YOUR INFORMATION

We may send you information about ANA, new products and other updates that we think may be of interest to you. Giving us extra optional information such as your job title, your employer or the geographical area you live will help us to give you information that is more relevant to you, such as an upcoming regional forum in your area.

SECURITY OF YOUR INFORMATION

We use leading technologies, including encryption, to safeguard your personal information. Our strict security standards make sure your information is not lost, misused, or inappropriately accessed, disclosed, altered or destroyed. We only keep your information for as long as we need to. When we no longer need your information, we dispose of it securely.

DISCLOSURE

We will not pass on your personal information to any third party (other than payment details to a secure payment portal provider) unless you give us permission to do so.

ACCESS, CORRECTION, CONSENT AND CONTACT INFORMATION

If you would like to access, correct, amend or delete any personal information you can do so by logging in to the Subscriber Login at the bottom of the ANA home page, or you can contact us at info@ana.org.nz. You can unsubscribe from the ANA eUpdate by clicking on the unsubscribe button at the bottom of any eUpdate.

LINKS

When you click on links on our website, they may direct you to other websites. We are not responsible for the privacy practices of other sites and encourage you to read their privacy statements.

COOKIES, LOG FILES AND ANALYTICS

Cookies are pieces of data created when you visit this website, and are stored in the cookie directory of your computer. Cookies contain no personal information and cannot be used to identify you. You can set your browser not to accept cookies, however if you do, some parts of this site may not work correctly.

We use Log files and analytical tools to collect information about use of this site and our e-updates. We analyse this information and use it to make improvements. We do not use this analysis to identify individuals or any personally identifiable information.
